Disclosure of operating results, profitability and financial position of ISS Facility Services s.r.o. (the "Company")

The following indicators describe the Company's activity, operating results and profitability in the given year and the financial position as at the financial statements' date, compared to previous years.

	31.12.2020	31.12.2019	31.12.2018
Activity indicator - average collection period of receivables Profitability indicator - profit before tax / sales	75 days	64 days	80 days
revenue	-0,1 %	-3,5 %	-1,0 %
	31.12.2020	31.12.2019	31.12.2018
Leverage ratio - total debt / equity Liquidity ratio	82 %	49 %	93 %
- current ratio	2,0	1,5	1,6

The indicators stated below had a material effect on operating results and profitability of the Company in the given year as well as on its financial position in the given reporting period:

- The Company's assets were CZK 407 029 thousand at the end of the fiscal year. During the period 1 January 2020 to 31 December 2020, total assets decreased by CZK 59 177 thousand, i.e. by 12.7%, as a result of decrease in receivables and tangible fixed assets.
- In 2020 all sales revenue of the Company came from cleaning services, security services, services of technical administration and maintenance of buildings and other supporting services.
- The Company's liquidity allows a timely payment of all liabilities. Compared to previous years, a favorable value of leverage ratio was maintained and the cash flow became more effective whilst the liquidity ratio was kept above 1. The gearing ratio was kept low mainly due to a zero balance of a loan received from the parent company.

- Despite generally difficult economic situation, the Company managed to achieve a sales of CZK 1 034 120 thousand in 2020, representing decrease of 14.3% compared to 2019.
- The profitability saw a moderate increase of 3.4% in 2020 compared to 2019. Taking into consideration a strict cost control and cost-effective management of working capital, the Company management anticipates keeping both the profitability and the operating profit level at the same levels in the future.

1. DESCRIPTION OF THE COMPANY

B+N Czech Republic Facility Services s.r.o. (ISS Facility Services s.r.o.) ("the Company") is a limited liability company incorporated on 7 January 1994 in the Czech Republic. The Company's registered office is located at Antala Staška 510/38, 140 00 Praha 4 - Krč, Czech Republic, and the business registration number (IČ) is 60470291. The Company is involved in the provision of cleaning and security services; installation, repair and revision of heating, electrical, electronic and telecommunications equipment; special protective disinfection, disinsectization and deratization; and in the provision of other support services.

ISS Global A/S, with its registered office at 2860 Soeborg, Buddingevej 197, Denmark, is the Company's sole owner as at 31 December 2020. The Company is included in the consolidated group of the parent company.

Priit Paiste is the Company's statutory representative as at 31 December 2020.

The Company is divided into the following departments: operation, financial, human resources, commercial and Business Development & Service Excellence departments.

2. BASIS OF PRESENTATION OF THE FINANCIAL STATEMENTS

The accompanying financial statements were prepared in accordance with the Czech Act on Accounting and the related guidelines as applicable for 2020 and 2019.

The Company's management considered the potential impacts of COVID-19 on its operations and business and concluded that it did not have a significant effect on the going concern assumption. For this reason, the financial statements as at 31 December 2020 have been prepared on the assumption that the Company will be able to continue as a going concern.

Explanation Added for Translation into English

These financial statements are presented on the basis of accounting principles and standards generally accepted in the Czech Republic. Certain accounting practices applied by the Company that conform with generally accepted accounting principles and standards in the Czech Republic may not conform with generally accepted accounting principles in other countries.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied by the Company in preparing the 2020 and 2019 financial statements are as follows:

a) Intangible Fixed Assets

Intangible fixed assets are recorded at their acquisition cost and related expenses.

Intangible fixed assets with a cost exceeding CZK 60 thousand in 2020 and 2019 are amortized over their useful economic lives.

1

Financial Statements for the year ended 31 December 2020

Amortization

Amortization is calculated based on the acquisition cost and the estimated useful life of the related asset. The following table shows the amortization methods and periods:

	Years
Software	3
Valuable rights and licenses	6

b) Tangible Fixed Assets

Tangible fixed assets are recorded at their acquisition cost, which consists of purchase price, freight, customs duties and other related costs.

Purchased tangible fixed assets with a cost exceeding CZK 10 thousand are depreciated over their useful economic lives.

The costs of technical improvements are capitalized. Repairs and maintenance expenses are expensed as incurred.

Gain or loss on the revaluation of acquired property represents the difference between the valuation of an enterprise, or a part thereof, acquired in merger by acquisition and the aggregate of individually revalued asset components in accounting of a dissolving and demerging through a spin off accounting entity, net of assumed liabilities.

Depreciation

Depreciation is calculated based on the acquisition cost and the estimated useful life of the related asset. The following table shows the depreciation methods and periods:

	Years
Leasehold improvements	4
Machinery and equipment	6
Vehicles	4
Small tangible fixed assets	4
Gain or loss on revaluation of acquired property	15

c) Cash

Cash includes liquid valuables, cash in hand and at bank.

d) Long-Term Financial Investments

Long-term financial assets consist of ownership interests in subsidiaries and are recorded at their acquisition cost, which includes direct costs related to the acquisition, e.g. fees and commissions paid to lawyers and advisors. If there is a decrease in the carrying value of long-term financial assets that are not revalued at the balance sheet date, the difference is considered a temporary diminution in value and is recorded as an allowance.

Financial Statements for the year ended 31 December 2020

e) Inventory

Purchased inventory of cleaning supplies and workwear is stated at actual cost being determined using the first-in, first-out ('FIFO') method, supplies of food are stated at an average cost. Costs of purchased inventory include acquisition-related costs (such as freight, customs, commission, etc.).

f) Receivables

Receivables are initially measured at their nominal amount. Both long- and short-term receivables are carried at their realizable value after allowance for doubtful accounts. Additions to the allowance account are charged to income.

g) Equity

The basic capital of the Company is stated at the amount recorded in the Commercial Register maintained in the Municipal Court.

Other capital funds consist of monetary contributions in excess of basic capital.

h) Provisions and Liabilities

Long-term liabilities and current liabilities are carried at their nominal values.

i) Leases

The Company records leased assets by expensing the lease payments on a straight-line basis over the lease term. When the lease contract expires and the purchase option is exercised, the leased asset is expensed.

j) Foreign Currency Transactions

Assets and liabilities whose acquisition or production costs were denominated in foreign currencies are translated into Czech crowns at the Czech National Bank's daily exchange rate. On the balance sheet date monetary items were adjusted to the exchange rates as published by the Czech National Bank as at 31 December.

Realized and unrealized exchange rate gains and losses were charged or credited, as appropriate, to finance income for the year.

k) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the balance sheet date and the reported amounts of revenues and expenses during the reporting period. The Company management prepared these estimates and predictions based on all available relevant information. These estimates and assumptions are based on information available as at the date of the financial statements and may differ from actual results.

I) Recognition of Revenues and Expenses

Revenues and expenses are recognized on an accrual basis, that is, they are recognized in the periods in which the actual flow of the related goods or services occurs, regardless of when the related monetary flow arises.

3

Financial Statements for the year ended 31 December 2020

Cost of goods purchased, which were consumed to ensure an order, is presented in 'Cost of goods sold' caption in the income statement. The related sales revenue for the respective order is presented in 'Revenue from sale of finished products and services' caption in the income statement.

m) Income Tax

The corporate income tax expense is calculated based on the statutory tax rate and book income before taxes, increased or decreased by the appropriate permanent and temporary differences (e.g. non-deductible provisions and allowances, entertainment expenses, differences between book and tax depreciation, etc.). In addition, the following items are taken into consideration: tax base decreasing items (donations), tax deductible items and income tax reliefs.

The deferred tax position reflects the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for corporate income tax purposes, taking into consideration the period of realization. The deferred tax is calculated based on the tax rate expected in future tax periods.

n) Subsequent Events

The impact of events that occurred between the balance sheet date and the date of the financial statements preparation is recognized in the financial statements provided these events provide additional evidence about conditions that existed at the date of the balance sheet.

If material events reflecting the facts occurring after the balance sheet date happened between the balance sheet date and the date of the financial statements preparation the consequences of these events are disclosed in the notes to the financial statements but not recognized in the financial statements.

7. Closing Representation of ISS Facility Services s.r.o.

We believe that the major advantages of the Company being part of the ISS Group are in particular as follows:

- As the ISS Group is one of the world's leading facility services companies, the Company has got, and may get, an approach to a larger group of clients, to whom it can offer and supply its services, including the clients that the Company can acquire through executing the contracts at a corporate level;
- Thanks to cooperation with the ISS Group, the Company has got, and may get and
 use, the innovative approaches and know-how, for example, in the filed of care for
 clients and employees, or IT; moreover the Company can ask for the support of
 specialists from various ISS entities and from many different areas of the ISS Group
 activities;
- The ISS Group, as a major multinational economic entity, and the Company, as part of the ISS Group, have a strong bargaining position in business meetings with suppliers, which leads to cost reduction from costs of materials needed to provide cleaning services to costs of leases of motor vehicles used by the Company for services delivery to clients; including costs of Company insurance and negotiating such conditions of insurance that would not be possible to obtain locally.

Potential risks include the following:

The ability of ISS Global A/S to push and set up, according to a planned timetable, a
new organizational structure, focused on client segments, in the Company as well as
associated activities and processes, which have not yet been applied and, therefore,
may represent increased (restructuring) costs.

The Company's statutory body is of the opinion that the above-mentioned advantages are realistic and expectable. The Company identified the risk appropriately and took measures to hedge against it by standard means. The Company's statutory body believes that the advantages predominate over the potential risks.

We hereby represent that this Report on Relations of ISS Facility Services s.r.o. prepared in compliance with Section 82 of the Corporations Act for the reporting period from 1 January 2020 to 31 December 2020, includes all of the below, made or effected in this reporting period and known to us as at the date of the signing hereof:

- Agreements/Contracts between the Company and the controlling entity or between the entities controlled by the same controlling entity in place in the reporting period;
- Performance and consideration provided by these entities;
- Other legal actions effected in the interest of these entities; and
- All measures adopted or effected at the initiative or in the interest of these entities.

We hereby represent that all actions described in Section 4 herein were effected, and all agreements/contracts described in Section 5 herein were made, on arm's length basis and that also all performance rendered or received on the basis of these agreements/contracts was effected on arm's length basis, and that we are not aware that ISS Facility Services s.r.o. would suffer any damage arising from the above agreements/contracts or from being controlled by ISS Global A/S.

INDEPENDENT AUDITOR'S REPORT

To the Shareholder of B+N Czech Republic Facility Services s.r.o.:

Opinion

We have audited the accompanying financial statements of B+N Czech Republic Facility Services s.r.o. (the Company) prepared in accordance with accounting principles generally accepted in the Czech Republic, which comprise the balance sheet as at 31 December 2020, and the income statement, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. For details of the Company, see Note 1 to the financial statements.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2020, and of its financial performance and its cash flows for the year then ended in accordance with accounting principles generally accepted in the Czech Republic.

Basis for Opinion

We conducted our audit in accordance with the Act on Auditors and Auditing Standards of the Chamber of Auditors of the Czech Republic, which are International Standards on Auditing (ISAs), as amended by the related application clauses. Our responsibilities under this law and regulation are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Act on Auditors and the Code of Ethics adopted by the Chamber of Auditors of the Czech Republic and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

In compliance with Section 2(b) of the Act on Auditors, the other information comprises the information included in the Annual Report other than the financial statements and auditor's report thereon. The Statutory Representative is responsible for the other information.

Our opinion on the financial statements does not cover the other information. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. In addition, we assess whether the other information has been prepared, in all material respects, in accordance with applicable law or regulation, in particular, whether the other information complies with law or regulation in terms of formal requirements and procedure for preparing the other information in the context of materiality, i.e. whether any non-compliance with these requirements could influence judgments made on the basis of the other information.

Based on the procedures performed, to the extent we are able to assess it, we report that:

- The other information describing the facts that are also presented in the financial statements is, in all material respects, consistent with the financial statements; and
- The other information is prepared in compliance with applicable law or regulation.

In addition, our responsibility is to report, based on the knowledge and understanding of the Company obtained in the audit, on whether the other information contains any material misstatement. Based on the procedures we have performed on the other information obtained, we have not identified any material misstatement.

Responsibilities of the Company's Statutory Representative for the Financial Statements

The Statutory Representative is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the Czech Republic and for such internal control as the Statutory Representative determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Statutory Representative is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Statutory Representative either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with above regulations will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the above law or regulation, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error,
 as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
 of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Statutory Representative.
- Conclude on the appropriateness of the Statutory Representative's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including
 the disclosures, and whether the financial statements represent the underlying transactions
 and events in a manner that achieves fair presentation.

We communicate with the Statutory Representative regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
